REPUBLICANS TO SUPPORT MELLON

Want But \$203,000,000 To Be Sliced from Taxes; Get Insurgent Aid

Washington, April 27 .- Two tax bills, one by the Republicans proposing a \$203,000,000 reduction and by the Democrats offering a \$325,000.000 slash, will be presented to the senate next week.

The Democrats will fight to either reduce or repeal all holdover warime taxes while the administration will battle to hold the tax reduction within the limit fixed by the treasry. A veto by President Coolidge has been indicated if congress finally enacts a \$300,000,000 tax slash.

A strange alliance between the administration forces and the Republican Insurgent group was rumored today, by which the Insurgents will support the administra tion's plan in return for abandonment of the Mellon proposal to repeal the federal inheritance tax.

When he stole second in an exhibition game with the Newark Bears of the International League, the thousands of fans stood to cheer the feat. Every time Cobb came to bat he was given a hand that meant more than warm friendship.

# The "FLAVOR ZONE" oven browns and cooks automatically

The oven, and oven control, of the Westinghouse Electric Range have been specially designed to give "FLAVOR ZONE" cooking automatically

That is-it automatically browns the roast first, and for just the right length of time to seal in the rich juices and flavor, and then it draws this goodness into the meat by cooking at an automatically lowered temperature. It does all of this without work or worry on your part.

For 6 o'clock dinner, you can place a cold roast in the

cold oven any time in the morning, make two simple adjustments as predetermined for you by Westinghouse cooking experts, and then forget your cooking until dinner time.

No other range, either fuel or electric, performs both the browning and the cooking operations automatically-no other range can give you such complete freedom from the kitchen.

Come in for demonstration, or if more convenient, phone or write for The Story of Flavor Zone Cooking."
